Red River Steel  
Is Set Up by New  
Pow-wow at Paris

Today's Quotation  
There are some that can pack  
cards, and yet can not play  
well; so there are some that are  
good in canvasses and factions,  
but are otherwise weak men.

—Frances Bacon

The Texas-Oklahoma conspiracy  
sweep Red river from Arkansas  
representatives of the two states  
met in Paris, Texas, to hear more  
of the plan to cut out the river  
up that swings through Fulton  
and re-route Red river through  
Texarkana, 18 miles farther west.

If you look at the Arkansas high-  
way map you will see that some  
distance would be saved, but  
this is a proposal to restore  
navigation on Red river, to give  
cities a more advantageous  
route, and to stabilize the  
banks of this wandering and treach-  
erous stream — that's what it's  
supposed to be, but the way the  
deal was put up to Hope the river  
channel had to be switched away  
from Fulton to Texarkana, or it  
was no dice.

At this afternoon's meeting in  
Paris, the Texas and Oklahoma  
representatives will be hearing de-  
tails of the plan from Charles  
Senour, consulting engineer who  
has completed a survey intended  
to show that navigation is feasible  
on Red river from Shreveport to  
Texarkana and Dandridge — and  
then it will be up to the Paris  
meeting to decide whether they  
want to extend the navigation pro-  
ject further north and west to  
Denison.

Texas Chamber of Com-  
merce sent its secretary and an  
engineer over here some time ago  
to ask Hope's co-operation with  
the Red river program, but met  
with a sharp rebuff. I told them  
Hope would certainly support any  
honest program to make Red river  
navigable once more, but that  
Fulton, in our county, was the  
historic head of navigation and had  
to be included in the calculation.

Certainly Hope wouldn't be crazy  
enough to join in a program to  
take Red river from Arkansas and  
give it to Texas — putting us 30  
miles from the proposed navigation  
channel instead of the 15 miles  
at present.

Getting back to that Paris meet-  
ing today, here is part of the news  
report which announced that ses-  
sion:

"Chairman A. G. (Pat) May-  
se, Paris publisher, pointed  
out that navigation had been  
approved to Shreveport, with  
plans calling for the construction  
of the lateral Overton  
canal. First work on the canal  
and navigation is scheduled to  
be started this year as part of  
the government appropriation  
is for that purpose.

"Senour completed the sur-  
vey to Texarkana in the past  
few months, and as results  
were favorable, quick approval  
is anticipated. It is anticipated  
that cost of construction of the  
project from Denison to Texar-  
kana would be low because  
of the proposed six dams to be  
located between the two points  
that would give a steady water  
supply and allow the river  
banks to be stabilized."

The only definite accomplishment  
to date is the navigation project  
as far north as Shreveport — but  
big plans are underway in our  
own section and they don't include  
southwest Arkansas. They are de-  
signed and promoted by Texas,  
for the benefit of Texas, with an  
assist from Oklahoma.

I think Hope should organize  
southwest Arkansas to protect our  
best interests and make a counter-  
attack.

No one objects to Texarkana's  
effort to reach navigable water —  
but when that effort robs its neigh-  
bor it is doomed to failure.

The Texans should be reminded  
that the Fulton loop of Red river  
belongs to Arkansas, that we have  
as much claim as anyone to the  
benefits of any federal improve-  
ment of Red river valley — and  
if we are to be excluded the game  
isn't likely to be played at all.

## Plans Are Nearly Complete for Festival Parade

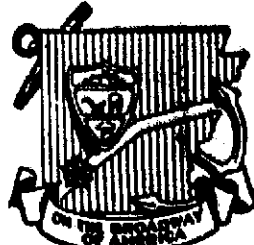

Parade Chairman Rae Luck said  
today that plans for the Festival  
parade is coming along in fine  
fashion.

The parade starts promptly at  
10 a.m. headed by a color guard,  
followed by the Hope High School  
Band, queen's float, commercial  
and industrial floats, decorated  
automobiles, horses and riders,  
pets, bicycles and many other  
things.

Route of the parade will start  
from 4th and Walnut, where it  
forms, goes north on Walnut to  
Second, west on Second to Main,  
north on Main to Division or Front  
St., west on Front to Elm, south  
on Elm to Sixth, then to Park  
Drive.

Plans are progressing for the  
Negro division of the parade which  
is scheduled for 11 a.m. All en-  
tries will meet at Yegor High  
school, parade through town and  
back to Main.

## Tackett Favors Cherry; Blasts Oren Harris

LITTLE ROCK (AP) — Rep. Boyd  
Tackett last night climbed aboard  
the bandwagon of Judge Francis  
Cherry forming a united front  
against Gov. Sid McMath.

The Nashville congressman, who  
finished third in the 5 man gubernatorial  
field in Tuesday's Demo-  
cratic preferential primary, thus  
joined losers Jack Holt and Atty.  
Gen. Ike Murry in supporting the  
Jonesboro jurist.

In a statement, Tackett said he  
would not attempt to "dictate" to  
his admittedly extensive following  
in Southwest Arkansas, but earlier  
in the day he had boasted that he  
was the only defeated candidate  
"who can carry any vote."

"On a number of occasions, I  
publicly stated that if I did not  
make the run-off, would vote for  
any one of my opponents against  
the present (McMath) administra-  
tion, including Judge Cherry," said  
Tackett. "That I will do."

Tackett declined to confirm or  
deny a newspaper report that he  
might run as an independent  
against Rep. Oren Harris in the  
November general election. But  
the congressman did point out that  
he always has been a regular Democrat.

The Arkansas Gazette said last  
night that disgruntled supporters  
of Tackett in Columbia, Miller,  
Howard and Pike Counties were  
talking of booming Tackett for  
the Fourth Congressional District  
seat.

Columbia County has been in the  
old Seventh Congressional District,  
represented by Harris until the  
1951 congressional redistricting, in  
which Arkansas lost one of its  
seven house seats. Miller, Howard  
and Pike Counties were in Tack-  
ett's old Fourth District. These  
three along with four other coun-  
ties were combined with all of Har-  
ris old territory into the new  
Fourth District.

Tackett denied that he and Har-  
ris had made a deal whereby Har-  
ris would support Tackett's gubernatorial  
candidate in return for  
Tackett staying out of a contest  
between the two congressmen to  
represent the new district.

"There definitely was no deal,"  
Tackett said. "I got out of Oren's  
way. I did everything in my power  
to keep him from having opposi-  
tion. Sid McMath thought he (Har-  
ris) was supporting me. I did, too.  
Take a look at the returns. His  
district beat me. The people sup-  
porting me had every reason to  
expect I'd get his support too."

"I realize now that I should have  
made that (congressional) race in  
the first place."

"Chairman A. G. (Pat) May-

STALIN RESPONSIBLE —  
Stephanie Dolgan, greasy-eyed

the fact that Joseph Stalin is

LACKLAND AIR FORCE BASE

pleting his AF basic airmen indus-

AUGUSTA, Ark. — Law en-  
forcement officers last night re-  
ceived their first break in the iden-  
tification of two men who robbed  
the Augusta Bank last Monday of  
about \$6,000.

Sheriff Jesse Pendergast said  
it was learned the men took their 1939  
grey-green, two-door, Ford sedan  
to a local garage to have the air  
cleaner removed, just before the  
robbery.

The two men walked into the  
bank just as it was closing at 3  
p. m. Monday. They said they  
wanted to cash a check.

Once inside the building, one man  
held Cashier Billy Mills and the  
other woman bookkeeper at gun point  
while the other scooped up the  
money sack.

Pendergast said the rear license  
plate of the getaway car was turned  
up but two pedestrians noticed  
a tag bearing the name of "Herff  
Motor Co., Memphis, Tenn.," on  
the rear of the automobile.

Police are centering their search  
for the pair in Northeastern Arkan-  
sas and Eastern Tennessee.

The automobile was last seen  
about five miles north of Augusta  
on Highway 32, Pendergast said.  
Pendergast said officers have  
pieced together these descriptions  
of the two men:

The gun wielding bandit was said  
to be about 23, 6 feet 1 inch tall  
and weighing about 150 pounds. He  
was of slender build, light com-  
plexion, wearing khaki pants, a  
sport shirt, khaki hat and sun-  
glasses.

The bandit who scooped up the  
money was said to be about 19,  
5 feet, 7 inches tall, 150 pounds,  
dark hair, dark complexion, wear-  
ing leather moccasins and tight fit-  
ting blue jean trousers.

## Allies Deal Red China Smashing Double Loss

SEOUL, Korea, (UP)—The United  
Nations handed the Communists  
a smashing double defeat today,  
destroying or damaging five enemy  
jets in an air battle and recap-  
turing strategic "Old Baldy" hill on  
the Western ground front.

The Allied victories came as the  
Communists celebrated the 25th an-  
niversary of the "triumphant" Chi-  
nese Red army. Among the com-  
gratulatory messages announced by  
the Chinese was one from Soviet  
Premier Joseph Stalin.

Three enemy MIG-15 jet fighters  
were shot down and two damaged  
in a 10-minute air battle between  
32 F-86 Sabrejets and 60 MIGs just  
below the Yalu River in northwest  
Korea. It was the first Communist  
challenge to U. N. air superiority  
since July 23.

Credited with shooting down the  
MIGs were 1st Lt. Gene P. Rogge,  
Auburn, Neb.; 1st Lt. Alfred Mil-  
lison, Daniel, Minn.; and 1st Lt. John  
J. Denny, Sun Valley, Calif.

The 60 MIGs came from an ene-  
my force of 1,300 tucked safely  
beyond the Yalu River border in  
Manchuria. The Red Air Force had  
not ventured north in such strength  
since July 4, when Sabrejets shot  
down 12 MIGs.

## Farm Leaders of 9 States Hold Parley

WASHINGTON (AP)—Agriculture  
officials of nine states were called  
to an emergency meeting Friday  
in Nashville, Tenn., to discuss  
ways to relieve the effects of a  
drought which already has destroyed  
crops worth millions of dollars.

Secretary of Agriculture Bran-  
non called the meeting and ap-  
pointed Assistant Secretary Knox  
T. Hutchinson to preside.

Brannan said the states to be  
represented include Tennessee,  
Arkansas, Missouri, Kentucky,  
Mississippi, Alabama, Georgia,  
North Carolina and South Carolina.  
The Agriculture Department  
Thursday added Alabama, Georgia,  
Kentucky and Mississippi to the  
growing list of "disaster areas,"  
making farmers eligible for gov-  
ernment loans to buy such things  
as livestock feed and seed if they  
are unable to obtain credit lo-  
cally.

## Melon Festival Committees Report Progress

At a meeting of the Watermelon  
Festival committee and organiza-  
tion heads Wednesday night all  
committees reported they are func-  
tioning and making preparations  
to carry out their part in the days  
activities.

The group is urging the stores  
to close their doors at 11 a.m. on  
the festival day, Wednesday, Aug.  
6. The activities of the day will be-  
gin at 10 a.m. with a street pa-  
rade and immediately followed by  
county and district candidates  
speaking at the park at 11 a.m.,  
followed by the rest of the day's  
activities.

There will be plenty of hot dogs,  
hamburgers, sandwiches, soda-pop  
and ice cream and watermelon in  
the food line with several amuse-  
ment stands in operation. It will  
certainly be a day on which the  
entire family may come and en-  
joy themselves every minute of  
the time. All conditions point up  
to one of the finest events to be  
held in Hempstead County.

## Cherry, McMath Invade This Area for Votes

By CARL BELL  
LITTLE ROCK (AP) — It was still  
McMath against the field — and not  
unexpectedly — as the governor  
looked off today on his first trip out  
into the state hunting additional  
votes for the Aug. 12 Democratic  
runoff primary.

Rep. Boyd Tackett last night joined  
the other two candidates who  
were eliminated from the govern-  
or's race in the preferential pri-  
mary — Ike Murry and Jack  
Holt — in throwing support to  
McMath's runoff opponent, Judge  
Francis Cherry.

LITTLE ROCK (AP) — Judge  
Francis Cherry today invaded Gov.  
Sid McMath's native county, resu-  
ming his campaign to win the Demo-  
cratic gubernatorial nomination.

Cherry, 43-year-old Jonesboro Ju-  
rist, and McMath topped the ticket  
in Tuesday's preferential primary  
and will fight it out for the nomi-  
nation in a run-off Aug. 12.

The prematurely white-haired  
judge flew to Magnolia, seat of  
Columbia County, today and went  
on the air this morning with an-  
other of his famed "talkathons."

After several hours in Magnolia,  
Cherry planned to stage a similar  
radio show in Hope and then put  
on a third tonight in Texarkana.

Thus, not only did Cherry bid for  
votes in McMath's native county  
(Columbia), but he will also solli-  
cit votes in the only large popula-  
tion center which he failed to carry  
Tuesday — Texarkana.

Tomorrow, Cherry scheduled  
speaking engagements at Rep.  
Boyd Tackett's home town of Nash-  
ville.

## Day the Ghost Walks Is About the Only One That Nobody in the Office Calls in 'Sick'

By HAL BOYLE  
NEW YORK (AP)—There is always  
one day when no one on the office  
staff calls in sick.

That is the day the ghost walks—  
payday.

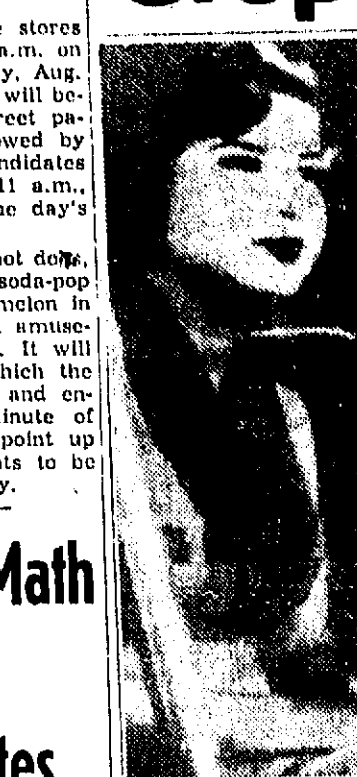

It is a touching tribute to the  
durability of the average worker  
that, no matter how restless a bed  
or pain he has lain in all week,  
he will rise from it on payday  
and trudge into the office to get  
his paycheck.

That is one day he simply re-  
fuses to let the boss down.  
Payday is a great American in-  
stitution, and eternity is regarded  
by most citizens as "that vague,  
endless period of enforced hiberna-  
tion between paydays."

All horses may approach their  
oats in much the same manner.  
But the characters in the ordinary  
office react to their rewards in  
different ways. You will probably  
recognize some of the following  
payday characters in your office:

1. The nervous Nellie—"what  
happened? They should have pas-  
sed out the checks half an hour  
ago," he mumbles. "Do you think  
the firm has failed?"

## 4-H Members to Conduct Dairy Heifer Exhibit

Monday 4-H Club members will  
conduct a dairy heifer exhibit and  
fitting demonstration at the Third  
District Livestock Show coliseum.

Joe Elean of Waldo, owner of  
Elean Jersey Farm and president  
of the Third District Livestock  
Show will be in charge of the dem-  
onstration. Mr. Elean is a leading  
exhibitor of jersey cattle in the  
southwest and president of the Ar-  
kansas Jersey Cattle Club.

All 4-H Club members are ur-  
ged to bring registered or grade  
dairy heifers any breed to the  
demonstration. The heifers should  
be born prior to April 1 of this  
year and not in milk. The program  
will get underway in the radio  
arena of the coliseum at 9:30 Mon-  
day morning.

County Agent Oliver L. Adams  
urges all 4-H Club members in-  
terested in dairy heifers to be pre-  
sent even though a calf is not  
owned. All boys will have an op-  
portunity to judge dairy animals.  
The Third District Show Manager  
Bob Shivers will assist in direct-  
ing the Monday dairy feature.  
The public is invited to observe  
the program.

## Huge Bison Once Roamed West Texas

AUSTIN, Tex., (UP)—A herd of  
giant pre-historic buffaloes, weigh-  
ing as much as two tons each,  
once roamed West Texas, Univer-  
sity geologists said today.

University geologists discovered  
bones of the animals in a lake de-  
posit two miles northwest of Lub-  
bock. They said the animals, about  
twice the size of latter day bis-  
ons, probably existed about 10,000  
years ago.

Glen L. Evans, associate di-  
rector of the Texas Memorial  
Museum, estimated the herd lived  
in the latter part of the ice ages.  
Bones of prehistoric elephants  
and huge ground sloths as well as  
spearheads, arrow points and other  
tools of humans were also found.

Evans, who headed the project,  
said it was hoped the discoveries  
would help scientists piece together  
what happened in the area during  
pre-historic times.

He added that researchers hope  
to put together a giant buffalo for  
display in the Texas Memorial  
Museum.

Evans admitted the scientists  
were unable to explain why no  
human bones were found in the  
deposit, only weapons and tools.

## Boatbuilder A. J. Higgins Succumbs

NEW ORLEANS, (UP)—Andrew  
J. Higgins, Sr., whose amphibious  
machines and special boat designs  
made history in World War II,  
died in a hospital early today after  
an illness of one week. He  
was 68.

Higgins was founder of the boat-  
building company which bears his  
name. Situated on the industrial  
canal, an inland waterway, the  
Higgins Plant only recently an-  
nounced it had been awarded new  
defense contracts from the federal  
government totaling \$81,000,000.

Higgins was a native of Colum-  
bus, Neb., the son of John Genge  
Higgins and Annie Long O'Connor  
Higgins. He moved South with his  
parents when still a child.

Funeral services will be held to-  
morrow, the time not yet set. Hig-  
gins is survived by his wife, sons  
Andrew J., Jr., Frank O., Edmond  
and Roland C., all of New Or-  
leans, and daughters Mrs. Charles  
S. Dana, Tyler, Tex., and Mrs.

## Negro Dies for Shooting at Sparkman

TUCKER PRISON FARM, Ark.  
(AP)—Reaffirming his innocence in  
his last words, convicted murderer  
Wilson Wright, 40, died in Arkan-  
sas' electric chair shortly before  
7 a. m. today.

Wright was sentenced to die for  
the shotgun slaying of Dallas Coun-  
ty Farmer Allen Green Roberts  
last March 23.

Wright received the first jolt at  
6:46 a. m., followed by two more,  
one at 6:50 and the other at 6:52.  
He was pronounced dead at 6:54  
a. m. (CST).

State Prison Supt. Lee Henslee  
asked Wright if he was guilty of  
the crime for which he received  
the death sentence, and the young  
Negro said, "no."

Wright was convicted of killing  
Roberts in a vacant house near  
Sparkman, Ark. During the trial  
on charges of first-degree murder,  
Prosecutor James Linder intro-  
duced a signed statement from  
Wright, admitting the murder.

Wright also attempted unsuccess-  
fully to rape Mrs. Irene Holloway,  
Roberts' daughter. She was shot  
in the hand while escaping from  
her abductor in woods near the  
house.

Warden W. V. Lewis said Wright

## Drought Aid Extended to All South Carolina

WASHINGTON, (AP)—The Agricul-  
ture Department today designated  
the states of South Carolina and  
Mississippi and seven additional Arkan-  
sas counties as disaster areas as  
a result of the severe drought.

Two other Arkansas counties  
previously designated as disaster  
areas because of a tornado, also  
were redesignated as drought  
areas.

The department said Maine is  
entering its sixth week without  
rain.

Damage to oats, beans, cucum-  
bers, blueberries, corn and pota-  
toes is estimated to run into the  
millions of dollars and many home  
gardens are seriously affected, the  
announcement said.

The disaster designation makes  
farmers in the area eligible for  
quick, easy credit loans from the  
farmers home administration in  
order to stay in production.

The entire states of Alabama,  
Georgia, Kentucky, Mississippi and  
Tennessee, and large parts of Mis-  
souri and Arkansas previously had  
been named a drought disaster  
area.

The new action came as agri-  
culture officials of nine states were  
called to an emergency meeting  
today in Nashville to discuss ways  
to relieve the effects of the  
drought which already has de-  
stroyed crops worth millions.

This Church Page Is Published Weekly With the Hope that More People Will Go to Church.

**You In The Church**  
The Church In You  
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be Faithful! Be a Churchman.

**Come! Let us also go to the House of the Lord!** Back to the Sanctuary where men meet the living God. Never before have women and children so filled the churches of our land. More than half of our population have signed on the dotted line. They have committed their lives to the keeping and guidance of the Great Leader. They belong to the Church. Why?

People go to church for many reasons, to be sure. Some go because it has become one of the good habits they learned from Godly and honored parents. Some of us go because we must have help for the difficult tasks we have undertaken. Other men have knelt at the altars of religion to have their strength renewed. The hour of worship has been like a warm bath of the spirit, from which we rise refreshed and relaxed and ready for whatever duty lies ahead.

The ideal reason for going to church is to become a part of that Life which is greater than our own. We really belong to the Whole of things and we are our best selves only when our single person is caught up into divine fellowship. We find that we live and move and are not frustrated until we become one with the Cosmic Life...until we find ourselves in our God. Let us go into the Church.

## Helicopters Complete Hop Over Atlantic

PRESTWICK, Scotland (U)—Two United States Air Force helicopters arrived today from Kefauver, Mo., to complete the first helicopter crossing of the Atlantic. The woman Sikorsky H-19 helicopter, landed at 4:10 p.m. (11:10 a.m. EDT) on route from Westover Air Force base in Massachusetts to U. S. A. P. European headquarters at Wiesbaden, Germany.

The planes landed in sunny weather from a blue sky dotted with high clouds. The fifth stage of the flight, from Iceland to Scotland, was regarded as the key step of the trip because the distance was approximately 900 miles and the stripped-down helicopters, even with their extra fuel tanks, have a range of only 1,000 miles.

Air force officials said the distance from Westover to Wiesbaden is 4,335 miles. The first hop from Westover to Kefauver, Mo., was made by a Sikorsky H-19 helicopter, commanded by Maj. Richard B. McVay, 3d of David City, Neb., who flew here earlier to arrange details.

The Sikorsky H-19, a Sikorsky H-19, was the actual flight leader. Other members of the flight included a Sikorsky H-19, commanded by Capt. Harry C. Jones, 3d of Newark, Ohio, Capt. Guy B. McVay, 3d of David City, Neb., and 1st Lt. Harold W. Moore, 2d of Cincinnati, Ohio.

**Gen. Van Fleet Tells Truth About Korea**  
By PHIL NEWBOM  
Editor, The Hope Star

Gen. James A. Van Fleet has put an unpleasant truth into words. At the moment, we aren't getting or going any place in Korea. The chances of our winning, says the general, are less now than ever before. In other words, the United Nations are not winning. The Korean summer rains, cold weather supplies are moving up toward the front and the weather is perfect for our third winter of unbroken war in Asia.

Conspicuously reporting the armistice negotiations will live through the second winter in the study course, "peace" train. The same drearily repetitious negotiations of the Communist negotiators.

A ballgame from the peace train in the Korean peninsula, the on-the-spot battle of the UN's peace train. The same drearily repetitious negotiations of the Communist negotiators.

Van Fleet's blunt statement is certain to have important repercussions. For one thing, it will recall vividly to the minds of the people the fact that the UN's peace train is not winning. The Korean summer rains, cold weather supplies are moving up toward the front and the weather is perfect for our third winter of unbroken war in Asia.

## Soldier Killed in Wreck West on Highway 67

Major John L. Wilson, who will serve as master of ceremonies during the speaking at the annual Watermelon Festival, Wednesday, August 6, today announced the following speakers would be on hand.

11 a.m. County and District including F. C. Crow and Tom Silvey, candidates for state senate; Judge A. P. Steel, and Senator Howard, candidates for chancellor.

2:15 p.m. Governor Sid McMath, his opponent Judge Francis Cherry will be unable to attend but will have a representative to speak in his behalf.

Clib Barton and Tom Gentry, candidates for attorney general will also speak.

Congressman Orrin Harris will also speak.

Police officials, still refusing to disclose the details of what went on in the prison, denied published reports of one of two gunshot victims had died. The police said they were not sure of the results of the rioters, and it was not immediately clear whether the two victims had died or not.

An estimated 700 convicts broke out of their cell blocks early last night, set fire to the prison and broke through the main prison courtyard.

The police managed to force the rioters back into their cell blocks with tear gas and by firing pistols into the crowd.

An estimated 700 convicts broke out of their cell blocks early last night, set fire to the prison and broke through the main prison courtyard.

The police managed to force the rioters back into their cell blocks with tear gas and by firing pistols into the crowd.

Police officials, still refusing to disclose the details of what went on in the prison, denied published reports of one of two gunshot victims had died. The police said they were not sure of the results of the rioters, and it was not immediately clear whether the two victims had died or not.

## Montreal Prison Riot Broken in Night Long Fight

MONTREAL (U)—Police used tear gas and gunfire early today to quell a riot of hundreds of prisoners in Montreal's Borinage jail.

The riot broke out in the prison in three months, and like the others was in protest over food. At least 12 prisoners were injured, two of them by gunfire, and chief Emilie Drapeau of the Montreal police department, which was called in to help smash the mutiny, was treated in a hospital for injuries he reportedly suffered when a prisoner struck him with a brick.
